**ANNUAL REMINDER - BURNING MORATORIUM
FOR AREAS OF EASTSIDE FIRE & RESCUE
JUNE 15th THROUGH SEPTEMBER 30th**

North Bend, WA – The communities within Eastside Fire & Rescue (EF&R) are beautiful locations that offer some of the finest living on the West Coast. Our beautiful neighborhoods cover relatively mountainous terrain, urban in nature, with fences and yards. Many neighborhoods are built in the wooded hills and grasslands that surround our towns. Homes in areas surrounded by vegetation are very popular. These neighborhoods create what we term as the *wildland urban interface*.

Eastside Fire & Rescue (EF&R) begins the annual burning moratorium on June 15th. Anyone living within the boundaries of EF&R needs to be aware of these guidelines:

Cooking & Recreational Burning “Permit Required” (No fee permit)

- Not subject to the seasonal burn ban moratorium.
- Cooking and recreational fires burning wood shall use only dry, seasoned wood.
- Propane, natural gas, and charcoal fires do not require a burn permit.
- Cooking and recreational fires shall not be larger than 3’ in diameter and 2’ in height.
- A recreational fire is the same as a cooking fire, but without the food.
- Fires (with or without food) shall be contained in a barbecue pit, fire ring, or other approved appliances such as manufactured portable fireplace units now available at retailers around the region.
- Any fire using wood is subject to the Puget Sound Clean Air Agency burn ban.

Land Clear Burning

- Land clear burning has been permanently banned within King, Pierce and Snohomish Counties.

Residential Burning “Permit Required” (No fee permit)

- Subject to EF&R burn ban moratorium June 15th through September 30th each year.
- DNR or Forest Service property. (EF&R does not issue permits in these areas.)
- Subject to Puget Sound Clean Air Agency burn ban.

Facts about the seasonal burning moratorium:

- Outdoor cooking or recreational burning (campfires) require a no-fee burn permit that can be obtained online at: www.eastsidefire-rescue.org.
- Puget Sound Clean Air Agency may impose a countywide burn ban for air-quality conditions.
- King County Fire Marshal’s Office may impose a burn ban due to extreme fire danger.
- Brush fires significantly increase during the summer months and can grow quickly.
- You can help protect your home against wildfires by building a defensible space around your home: www.firewise.org or www.eastsidefire-rescue.org.

For burn ban information contact Puget Sound Clean Air Agency at: (800) 595-4341 or www.pscleanair.org.

For questions on Eastside Fire & Rescue’s annual moratorium please contact: (425) 313-3200. **Burn permits can now be found and downloaded from our website at:** www.eastsidefire-rescue.org
