

Recycling Guidelines

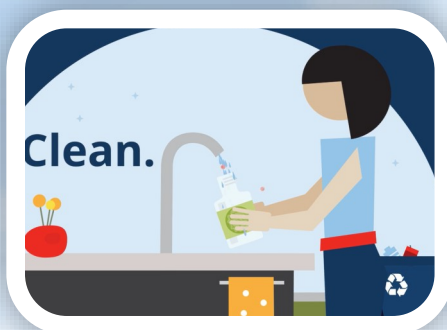

Be responsible today
for a better **future tomorrow.**

Don't contaminate recyclables. Remember these 3 rules.

Empty.

Clean.

Dry.

Not everything placed in a recycle bin is ready to be recycled or is even recyclable. Contaminated materials hurt the environment.

Don't recycle: Styrofoam, plastic wrap, paper plates and towels, microwaveable food trays, paper soiled with food, drinking glasses, dishes, mirrors and containers that held hazardous products.
