

# NORTH BEND DOWNTOWN BLOCK PARTY

July 20, 2019

## Food Vendor Questionnaire

**APPLICATION DEADLINE: JUNE 10, 2019**

Please fill out and attach this questionnaire to your Block Party Vendor Application. The City of North Bend and the North Bend Downtown Foundation (NBDF) expects all food vendors to follow King County Health Department requirements, including permitting, insurance, and licensing. Food vendors are selected based on overall food type and variety currently participating in our community celebration and available space.

### Electricity

Electricity is available for limited use only. We will provide some 110-volt outlets (e.g. nominal standard outlets found in most homes), but the number is limited, and cannot be guaranteed to every vendor. In general, a small laptop, phone charger, or LED lighting can be plugged into these outlets. Vendors must provide their own commercial-grade extension cord to access electricity, and a safe means of coverage to remove tripping hazards. If you are a food vendor in need of a generator, we ask that you provide a whisper quiet generator, to allow yourself and your neighbors to enjoy Block Party music! If you plan on using a generator, please specify that in your application. Noisy generators giving off an extensive amount of exhaust may be placed further away, as it may negatively affect neighboring vendors' experience.

Are you requesting use of a 110-volt outlet? Yes  No   
List what you plan to hook up to one 110-volt outlet: \_\_\_\_\_

Do you plan on bringing a generator? Yes  No   
List the type of generator you'd like to bring: \_\_\_\_\_

### Cold holding: How do you intend to keep food cold?

- |  |  |
|--|--|
| <input type="checkbox"/> Chest freezer (-18C or lower) | <input type="checkbox"/> Insulated cooler with ice (4C or lower) |
| <input type="checkbox"/> Refrigerator (4C or lower)    | <input type="checkbox"/> Other (note here): _____                |

### Hot holding: How do you intend to keep food hot?

- |                                      |   |
|--------------------------------------|---|
| <input type="checkbox"/> BBQ / Grill | <input type="checkbox"/> Chafing dishes           |
| <input type="checkbox"/> Steam table | <input type="checkbox"/> Other (note here): _____ |

Please consider the following:

- At a minimum, temporary handwashing stations must consist of an insulated container with a spigot that provides a continuous flow of running water, liquid soap, paper towels and a bucket to collect waste water. The temporary handwashing station for those handling food must be set up on an elevated surface, such as a table.
- Hand sanitizers do not replace the requirement for handwashing stations.
- Vendors who illegally dump gray water, food scraps, garbage, etc. down storm drains or anywhere else may be fined up to \$500 and will not be invited to participate in future festivals.
